

## THREE ARMY FLIERS, PREPARING FOR MAIL, KILLED

### ENGINEEMEN TELL HOW WATSON MET DEATH IN CRASH

Think Dixonite's Car was Stalled on Spangler Crossing

Coroner Frank M. Banker of Franklin Grove conducted an inquest over the remains of Marshall A. Watson of this city, retired farmer who was instantly killed about 1 o'clock yesterday afternoon at the Northwestern railroad crossing two miles east of Nachusa, John D. Leavitt of Chicago, engineer, and Roy F. Forkin of Maywood, fireman, of west bound passenger train, No. 11 which struck the Watson automobile at the Spangler crossing, testified before the inquisition.

Engineer Leavitt stated that he observed the car coming toward the crossing from the south when his train was a quarter of a mile east and he began blowing the crossing signal. The machine, he testified stopped on the track, and he applied the service brakes, lessening the speed of the train, when he observed the car did not move. He saw no driver in the car and believed that the machine might have stalled or coasted down on the track. After striking the car he brought his train, the west-bound Columbine, to a stop within about seven coach lengths. Members of the train crew had reached the body and placed it on the train, he said. The whistle blew continuously from the time that the engineer observed the car coming toward the track until it was struck, and the bell was also ringing. The testimony of Roy F. Forkin, fireman, corroborated that of the engineer.

## Spratt Damage Case Taken From Jury

**TAX RATE FOR DIXON IS CUT \$0.6054 IN '34**  
**Reduction Effected in Manner of Paying Municipal Bonds**

A reduction of \$0.6054 will be made to citizens of Dixon in the annual tax rate it was announced today at the office of County Clerk Fred G. Dimick. The total rate this year amounts to \$3.054 while last year the figure was \$3.6594. The reduction was said to be largely due to the fact that the city bonds would be paid out of the public benefit fund this year and the park bonds would be paid out of the general fund, according to a recent ruling of the Attorney General received by State's Attorney Edward Jones and County Clerk Dimick, which holds that a vote is necessary before the two items may be filed in the tax list.

The school tax in Dixon this year amounts to 1.3705, the county tax, .3805 and the town tax, .1303. Under the county tax appear the items of .25 for general fund; tuberculosis fund, .05; county highway fund, .06; and mother's pension fund, .205. The road and bridge fund for Dixon amounts to 12.8. The city rate, which totals 67 cents, is divided as follows: bridge bonds, 8.6; library, 5.3; garbage, 3.7; band, 6.3; public benefit, 10; police pension, 1.1 and firemen's pension, 1.1.

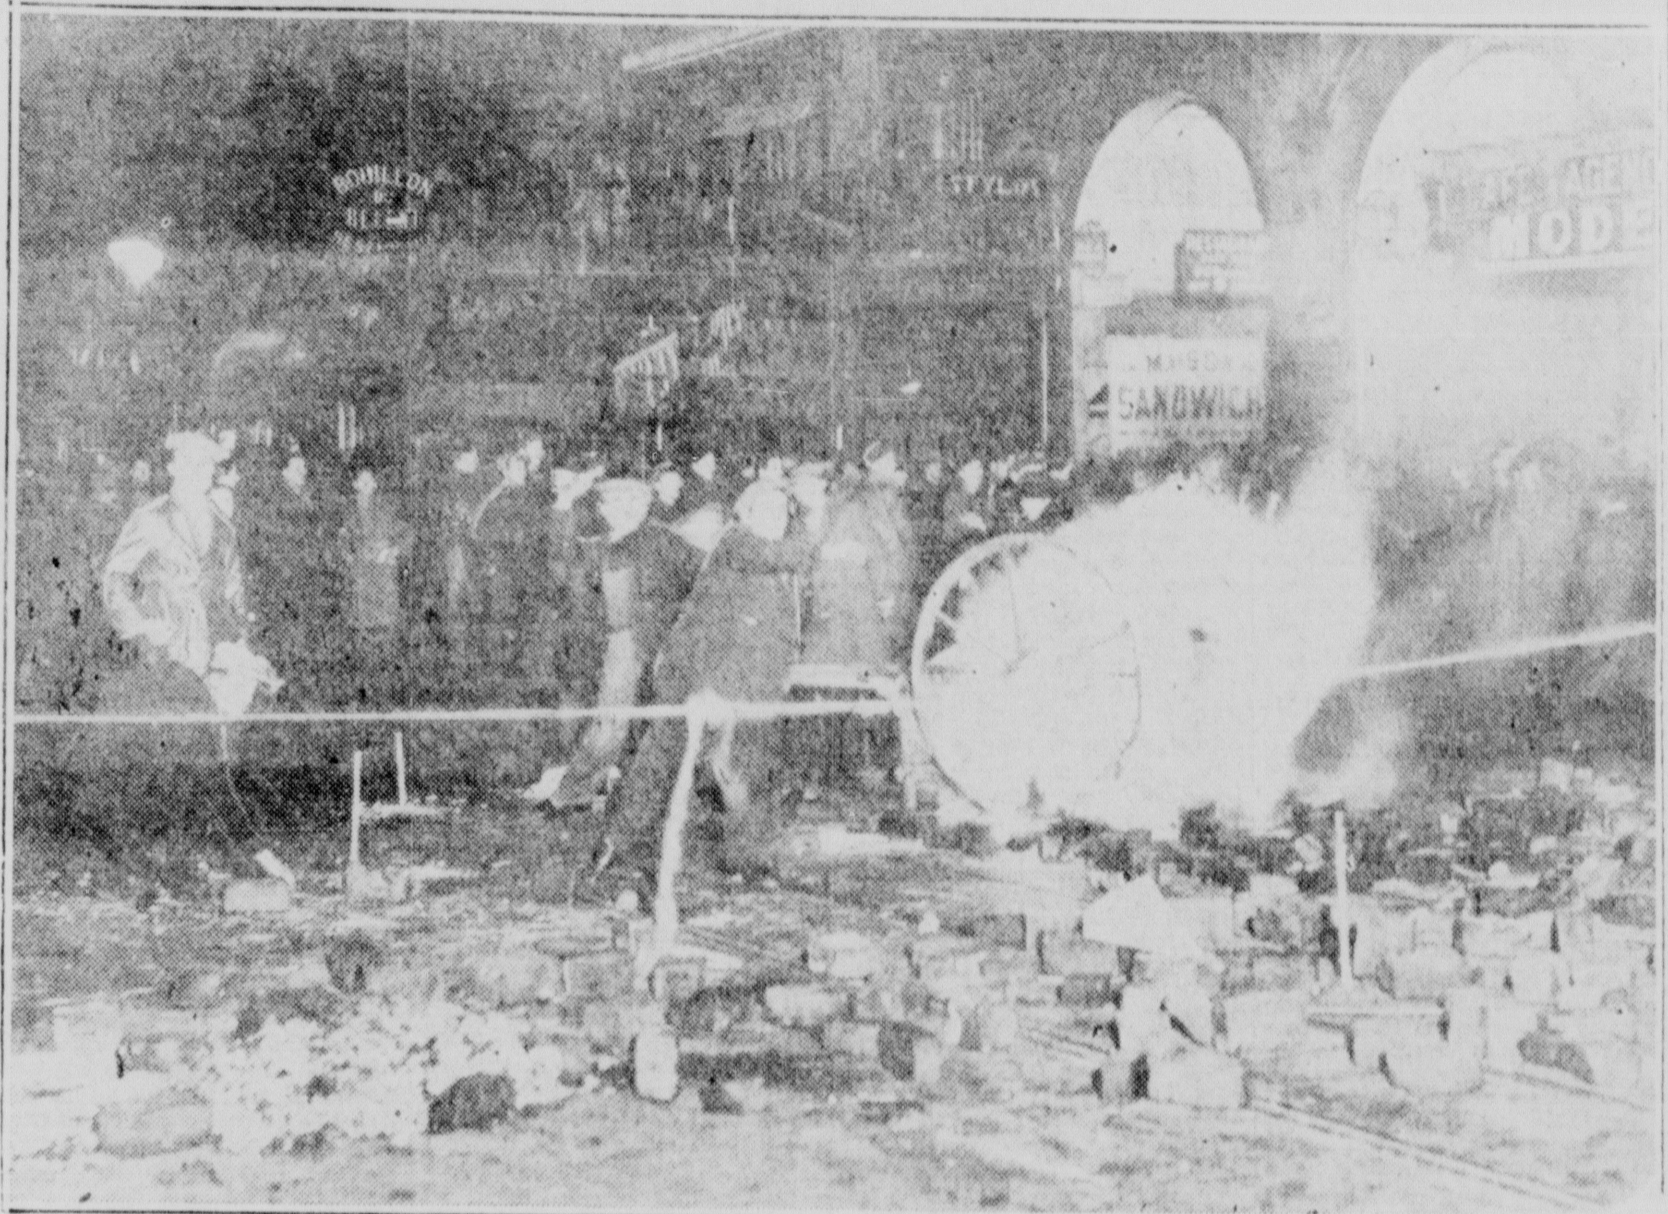

### JUDGE EDWARDS TERMINATES THE CASE THIS MORN

**Decision Is Rendered Under New Practice Act of State**

Judge Harry Edwards in the Circuit Court this morning handed down an important decision based on the new Practice Act in Illinois, affecting the action brought by Mrs. Maude Spratt of Franklin Grove in an effort to collect damages in the sum of \$10,000 from County Superintendent of Highways Fred W. Leake and the five members of the 1932 road and bridge committee of the Board of Supervisors. The county officers were represented at the trial in the circuit court in January by Attorneys Robert Bracken and James Ryan while State's Attorney Edward Jones was assisted by Attorney Clyde Smith.

By the order issued by Judge Edwards this morning, the Superintendent of Highways and members of the Board of Supervisors were not liable for the amount claimed for damages for the death of John Spratt, Franklin Grove truckman, whose death resulted from the collapse of the Crombie Lane bridge, west of the village, unless they had knowledge of defects and knowingly and wilfully permitted the structure to be used. The court held that Superintendent Leake was not liable and that there was no liability on the part of the supervisors shown by any testimony introduced by the plaintiff.

### FATALITIES IN TWO CRASHES IN UTAH AND IDAHO

**Blinding Snow Storm Is Responsible for Unseen Tragedy**

Salt Lake City, Feb. 17.—(AP)—Three Army pilots all enroute to new posts to take over air mail routes have crashed to their deaths in Utah and Idaho.

In a blinding snow storm and dense fog late yesterday the ship carrying Second Lieut. Jean D. Grenier of the Third Attack Group, Fort Crockett, Tex., and Second Lieut. Edwin D. White, March Field, Riverside, Calif., fell in isolated Weber canyon. Hours later Orso Maxwell, a miner, found the wreckage and bodies.

Late last night, Second Lieut. James Y. Eastman, Seventh Bombardment Group, March Field, was burned to death when his ship crashed and caught fire near Jerome, Idaho.

Eastman was flying from Salt Lake City to Seattle. The other pair had taken off from Salt Lake City for Cheyenne, Wyo.

**Board to Investigate**

Lieut. Col. H. H. Arnold, commander of the western zone of the War Department's air mail organization, ordered a military board to the scene of the Utah tragedy. The board of three reached Oakley at 10 P. M. Fourteen of the remaining 21 miles to the wreckage must be traversed by sleigh.

Grenier was a native of Manchester, N. H., and a graduate of the University of New Hampshire. White's home was in Berkeley, Calif.

The bodies of Grenier and White were found in the cockpit of their ship, a 12-type attack plane. Only by chance did Maxwell pass that way. Apparently no one heard or saw the plane fall.

### In Poor Condition

Other testimony given at the inquest indicated that the car driven by Mr. Watson had been in bad running order and it was believed that the motor may have stalled as he drove onto the track. The verdict of the jury was that death was caused from injuries sustained accidentally when the car in which the deceased was riding, was struck by the train.

Mr. Watson was believed to have been instantly killed. Both legs were broken, his neck was fractured and there were evidences of numerous skull fractures among the major injuries noted when the body was examined. He had transacted business in Nachusa and at a farm in that vicinity, it was reported.

**Funeral Sunday**

Marshall A. Watson was born at Abena, Ill., August 3, 1869 and was 65 years, five months and 13 days of age at the time of his passing. He had been a resident of Dixon and vicinity for the last ten years. He had followed the occupation of farming for a number of years but had retired from active life. He leaves to mourn his tragic death, his wife and one son, Edward at home. Funeral services were conducted from the Preston chapel this afternoon, at 2:30 P. M. Gilbert Stansell, pastor of the First Methodist church officiating. The body was taken to Rantoul, Ill., where funeral services will be conducted and interment will be made Sunday afternoon.

### Mayo Brothers Give Half Million to U. of Minnesota Friday

Minneapolis, Feb. 17.—(AP)—The famous Mayo Brothers have given a fortune to medical science because they believe riches in private hands often spell ruin for coming generations.

Drs. William J. and Charles H. Mayo, surgeons, gave \$500,000 yesterday to the University of Minnesota. They said the money came from the sick "and we believe it ought to return to the sick."

"How many families," they added, "have been ruined by money, which has taken away from the younger members the desire to labor and achieve and has introduced elements into their lives whereby, instead of being useful citizens, they have become wasteful and sometimes profligate?"

### STATE DEMANDS TOUHY AND TWO PALS GET CHAIR

**Prosecutor Intimates Farm Prison May be Located**

Chicago, Feb. 17.—(AP)—The state again asked the death penalty for Roger Touhy and two associates, accused for the second time of the \$70,000 John Factor kidnapping, and promised a new jury today that it will hear a more complete story this time.

Prosecutor Wilbert F. Crowley hinted that the new information had come—or will come—from two other Touhy followers, now on their way back to Chicago in custody.

Crowley told the jury that "before this trial ends" the state may be able to locate the farm prison where Factor was held for 11 of the 12 days he was a prisoner.

It was unable to do this before the first trial started. Then the jury heard it described only as a "place with chickens and cows around it. The kidnaper victim was taken there, the state claimed, after he had been held one day in a Touhy hide-out in a Chicago suburb.

### CABBIE'S DEATH BRINGS ARREST OF BANDIT TRIO

**Leads to Discovery of Geneva Youths Who Turned Thieves**

Chicago, Feb. 17.—(AP)—Harry Moscovitz, cab driver, got a \$250 tip but it brought him death. It was given him by a bank robber on a spree, and by a quirk of ill-fortune another thief heard of it and shot Moscovitz dead to get the money.

Moscovitz's body, bullet-drilled, was found in a passage-way yesterday, but the whole story did not come out until police announced last night that three youths from Wheaton, Ill., had confessed looking for the body of Burlington, Wis., of \$6,000 last Thursday.

The three, seized at Wheaton, are Frank Brundage, 19, former tackle on the Wheaton College football team; Frank Barton, 20, and Stanford Alexander, 19.

Celebrated Success

After the holding, police said, the three youths fled in a car stolen from a Wheaton physician. Barton, according to admissions he is alleged to have made to police, came to Chicago to celebrate the robbery's success.

At the height of the spree, he hired cabbie Moscovitz to drive him to Wheaton, paid him \$10 and topped it off with a \$250 tip.

The driver, jubilant, "flashed" the roll at several west side cab stands. A robber must have seen it, for a few hours later Moscovitz was murdered. The killer did not get the entire "tip of death," however, for Moscovitz had put \$88 of it into an inner pocket and it was found there by police.

"Hunch" Responsible

Wheaton police said a "hunch" was responsible for the arrests. When the ownership of the stolen automobile was traced to Burlington photographs of all possible suspects, including Barton's, Barton was released only last December from Pontiac reformatory after completing a term for car theft.

Bank employee identified Barton and he in turn, police said, implicated his companions. Only \$2,333.29 remained of the loot, police said.

The youths confessed to Chief of Police Lyle Grange of Wheaton, father of "Red" Grange, football luminary.

Bank employee told authorities the youths had flourished revolvers and forced them to lie on the floor while they scooped the money from the cashiers' cages into a canvas bag.

Rockford, Ill., Feb. 17.—(AP)—A charge of statutory rape was preferred against Charles Backus, 48-year-old fruit peddler who confessed stuffing the body of his 8-year-old son into a hole on the ice-covered Rock river.

As police continued the search for the boy, authorities announced Backus had confessed intimacies with his stepdaughters, Pauline, 14, and Dorothy, 16. Pauline was held. State's Attorney Robert Nash said he would not bring a charge of murder against Backus unless the body is found. The state statute provides that unless the body of a suspected murder victim is found within four months, a charge in the case must be dismissed.

Police said they were undecided to dynamite the ice at the point, citing the possibility of the body having been carried downstream by the current.

**Is In Better Health Physicians of Co. Jail Report**

Chicago, Feb. 17.—(AP)—Dr. Alice L. Wynekoop, described by the county jail physician as in "better health than any time since her arrest," was ready today to go on trial Monday for the second time for the murder of her daughter-in-law, Rheta.

Solution of the operating-room murder mystery was prevented at her first trial by declaration of a mistrial after withdrawal of a juror when the aged woman's life seemed in jeopardy from heart attacks and high blood pressure.

Her temperature now is normal and her pulse only a trifle faster than normal. Dr. Francis McNamara of the county jail staff said physicians had agreed she would be able to go through the strain of a second trial without further collapse.

"She is anxious to get started and have the trial over," said Warden David Money Penny today.

### NEW YORK CITY COMMUNISTS AND SOCIALISTS RIOT

**20,000 Men, Women and Children in Wild Free-for-All**

New York, Feb. 17.—(AP)—Socialists and Communists meeting at Madison Square Garden to protest against "atrocities" of Austrian Fascism, engaged in one of the bitterest battles that home of pugilism has ever seen.

The meeting, sponsored by trade union and Socialist organizations, late yesterday afternoon, became a bedlam shortly after it was called to order when about 5,000 Communists among the crowd of 20,000 which armed the building tried to take charge.

Three women and nine men were beaten or struck by chairs and one man was stabbed in the back. Seven of the injured were taken to a hospital for treatment.

**Became Free-for-All**

The fighting started shortly after Algren Lee, director of the Rand School of Social Research, had introduced Charles Solomon, Socialist candidate for mayor last fall. Catcalls, boos and shouting had interrupted Lee but Solomon's statement: "We plead for unity of Socialists and social revolutionaries together," was the signal for a free-for-all.

In the north boxes two Communists lost most of their clothing as they were overpowered by Socialists and taken outside by special house police. A few city police were present and others of a detail of 150 outside arrived during the hour of rioting that followed, but none of them had nightsticks.

Clarence A. Hathaway, editor of the "Daily Worker," Communist daily paper, was severely beaten by Socialists when he attempted to make a speech.

**Chairs Hurl**

As the tumult grew, Communists from vantage points in the balconies hurled chairs at a throng about the speakers' stand.

Finally about fifty policemen took up positions about the speakers' stand and as there appeared no chance of quieting the throng, riotously for speakers to be heard, the meeting was adjourned. The Communists, bearing their leader Robert M. La Follette, on their shoulders, marched down Eighth avenue to Union Square.

Mayor La Guardia and Matthew Wold, vice president of the American Federation of Labor, were to have addressed the meeting, but were not present.

Horse Swapping Takes  
In Old Automobiles Now

Joplin, Mo.—Hoss tradin' is regaining something of its former stability and enthusiasm in the Ozarks. The itinerant trader, going about the countryside leading, or driving, a small string of work animals, is increasing in number. The stock is mainly good substantial animals, for which the farmer may have a greater need than he has for some article on hand.  
There's a new twist to the horse trading. These days the traders prefer taking in old automobiles. There's a cash market for them, while old horses may be worth no more than \$1.75 per 100 pounds for the soap factory.

## Talking Crows

Splitting a crow's tongue to enable it to learn to talk is not only a cruel practice, but also a needless one based on an old popular belief, according to a pet fancier. "A crow can be trained to talk in just the same way as a parrot," says he. "The crow, however, is not as apt a pupil as a parrot and much time and patience is required."

## Panics Start in Autumn

It seems that most panics occur in the autumn. Black Friday, one of the worst stock exchange days, was in September, 1859, and the panic of '73 started in September. The 1907 panic was in the autumn. An exception was the beginning of the 1920-21 depression, which broke in April. The panic of 1923 began in October.

ARE STILL AT WORK  
ON LINDBERGH CASEOfficials Have Hopes of  
Solving Mystery Soon.

New York.—They say they are going to "break" the Lindbergh case—the major crime mystery of the century, the kidnapping and murder of the baby son of Col. and Mrs. Charles A. Lindbergh.

Vague rumors drift about police headquarters here that the solution of the year and a half old case may come almost any day now. Twenty picked men of the undercover squad under the personal direction of Inspector John A. Lyon are working exclusively on the case night and day. In addition, the United States government has its ace investigator on the job directing a special staff of trained men.

Then, there's the New Jersey police in whose jurisdiction the shocking crime occurred, who have never relaxed their efforts to run down the criminal or criminals, to say nothing of the thousands of bank clerks throughout the country who are still scanning bills that pass through their hands in the hopes of spotting one of those in the \$50,000 ransom loot paid by the flying colonel in an ill-fated effort to recover his stolen child, to say nothing of the tens of thousands of police and detectives on the alert not only in every American city but at every civilized spot on the globe for the shred of evidence that might point to a solution of the mystery.

## Whispered Reports.

Never in history has so much police work been devoted to a single crime.

None of those in authority will discuss the case for publication at this date and certainly no trained investigator would risk his reputation on predictions of the time, manner, and place of any solution that may be in prospect.

There have been whispered reports here of late, however, that some of the "ransom" bills have been found and one version has it that the search for the long fugitive kidnaper and his pals, if he had any, had been narrowed down to the Harlem section of Manhattan. Some of the bills are reported to have made their appearance there, the first of them several weeks ago. Another of the bills is reported to have turned up in a little town just across the Connecticut line from New York. Inspector Lyon, a close-mouthed veteran of the service and little given to boasting, has no hesitancy in saying he is convinced that the case is going to be "cracked wide open"—just when he does not say.

## Predicts Clean Up.

"We are going to break this case," he said the other day. "The other side has been getting the breaks, so far, but our time is coming and we shall eventually solve the case—clean it up. More police work has been done on the Lindbergh case in history, so far as I know. But we are not through yet!"

Police headquarters in New York is the clearing house for the investigation by the three units, the New York police, the New Jersey state police, and the Department of Justice. It is here that countless clues are sifted and discussed and plans laid for the future. The progress of the investigation, which is proceeding night and day, is of necessity being kept quiet, but the investigators have reason to believe that the case will be solved, and that before not many more weeks—or days—have passed.

Literally thousands of clues have been investigated since that fateful night of March 1, 1932, when the kidnapers stole the famous flyer's little sleeping son from his cradle on the second floor of the Lindbergh home at Soudland mountain, near Hopewell, N. J., but if any one of them has brought anything in the way of a promising lead to ultimate solution of the mystery the authorities have not chosen to make public announcement of the fact.

LETTER FAILED  
TO STOP TULSA  
MAN'S SUICIDELeaped to Death After  
Reading 8-Page Appeal of Girl

Chicago, Feb. 17.—(AP)—In an eight page letter signed "Always Your Girl," George Althrop of Tulsa and San Francisco was given several reasons why he should not take his own life.

But today he was found dead beneath the open window of his 12th story room in the Sherman hotel.

The letter of advice, written in feminine hand, had been received by air mail Feb. 13.

Althrop, 55 years old, had formerly been the San Francisco factory representative of the Chrysler Motor Company. He had come here for the automobile show and on Feb. 3 moved from the Congress hotel to the Sherman, registering from Tulsa.

## Checks Returned

Before he died this morning he had tried to cash a check but Ernest Rule, assistant manager, said the hotel would not honor it. At the Congress hotel G. D. Edwards, treasurer, stated that Althrop had cashed \$400 in checks which had returned from the Crocker First National Bank of San Francisco marked "account closed."

Althrop left a note saying he had neither money to pay his debts, nor relatives.

Apparently he had tried to commit suicide by hanging before plunging from his window to the roof of a four story garage adjoining the hotel on LaSalle street.

The coroner reported finding in his room the broken belt of the dressing gown he wore. There were scratches on the window sill, indicating he may have struggled to regain the room after climbing to the ledge.

Plimney McCarter returned to his home in Harmon today much improved after his stay at the Katherine Shaw Betha hospital in Dixon.

Cucumber Tree Hardest  
of the Magnolia Family

The cucumber tree is the hardest magnolia native to eastern North America. In appearance it suggests a tropical tree, for its leaves and flowers are large. It is found from western New York to Illinois, Georgia and Arkansas. A rich, moist woods, with abundant sunlight is its favorite home. Good wood, rapid growth, few foes are among its principal merits. It is a beautiful tree for lawns and parks. The leaves are simple, thin, egg-shaped, four to twelve inches long, pointed at apex, smooth along margin. They fall in response to first frost. The flowers are large, upright, solitary, bell-shaped, about three inches long, greenish, tinged with yellow, difficult to see among foliage. The fruit of a red cucumber-like mass, two or three inches long, containing scarlet, pea-size seeds, suspended by long, slender white threads at maturity. The bark is grayish to brown, and breaks up into long furrows. The twigs are smooth, shiny, bitter, rat-stout, brown, marked with crescent shaped leaf-scars. The buds are conical, sharp-pointed about one-half of an inch long, and pale silky. The wood is soft, weak, brittle, and light yellowish to reddish-brown in color.

Balkan States, Austria,  
Hungary, Czechoslovakia

The Balkan states comprise Yugoslavia (the kingdom of the Serbs, Croats and Slovenes), Albania, Greece, Bulgaria and Rumania. Though Rumania is not geographically a part of the Balkan peninsula, it is practically a Balkan state.

Austria is a republic, its status as a republic having been proclaimed on November 12, 1918. It is made up of the provinces of Vienna, Burgenland, Lower Austria, Upper Austria, Salzburg, Styria, Carinthia, Tyrol and Vorarlberg.

Hungary, like Australia, is also a separate independent country, but comprises only about one-third of the area of the former kingdom. It was proclaimed an independent republic on November 16, 1918.

Czechoslovakia is another country having a republican form of government in consequence of the World war. The Czechoslovak state came into existence on October 28, 1918, and consists of Bohemia, Moravia, Slovakia, Silesia and Ruthenia (sub-Carpathian Russia)—territories which formerly lay chiefly within the empire of Austria-Hungary, with slight additions of territory formerly German and Russian.

CRIME IN AMERICA  
TAKES HUGE TOLL

## Annual Cost Placed at Thirteen Billion.

Washington.—Crime is costing the United States \$13,000,000,000 annually, says the National Council of 76.

Every year, on an average, 12,000 persons are murdered, 3,000 kidnaped, 100,000 assaulted, and 50,000 robbed. The annual murder rate has increased 350 per cent since 1890.

Each year sees 40,000 homes and other places robbed, and more than \$100,000,000 is lost through incendiary fires.

These figures have been assembled by the council, formed at Washington July 4 by a group of private citizens seeking to educate and arouse the public to the menace of organized crime.

The work is directed by Col. James A. Moss, retired, a widely known military author who in the nine years since his retirement has made a special study of the crime situation.

The council is forming branches in each of the states and in each congressional district. These subsidiary councils will be formed among outstanding citizens who will work voluntarily to crystallize public opinion in their communities toward the enforcement of the law and the elimination of organized criminals.

"It is distinctly a problem of education," says Moss. "No law can be effective without public opinion behind it. The dry amendment proved that."

"But the people are ready. Since we opened our campaign we are receiving about 250 letters daily from people who want to help."

"The average man and woman simply doesn't know the existing situation. The national council will give them the facts. Then we will ask them to use the ballot, which is much more effective a weapon than bullets. We must drive corrupt officeholders out of office."

## American Boys Grow Fast

American boys grow faster than those in any other country in the world, says an investigator at the University of Virginia. Up until he is seven years old his growth is much greater than the German boy or the boy of eastern Europe. From the age of seven to the adult period he finds that in many cases the growth of the American lad is as much as 200 per cent over the Europeans and 67 per cent greater than the negro who is his closest rival. His slowest period of growth is from twelve to fifteen years.

### A Restful Sunday

Try to plan your meals for Sunday so that there will be very little actual cooking on that day. With thought and previous cooking the day can be one of rest and enjoyment for the whole family. Many families have no main heavy meal on that day, but have a rather hearty breakfast, and then in the late afternoon a substantial supper composed of foods previously prepared. Often friends are invited for this meal.

### C. C. Circle Met With Mrs. C. Rickard

The members of the C. C. Circle and guests met at the home of Mrs. Clark Rickard on Thursday and enjoyed a delicious picnic luncheon at one o'clock, the occasion being the twenty-first anniversary of the Circle. Sweet peas gave a spring like touch to the large table and quartette tables where twenty-two members were seated.

Election of officers followed the luncheon and reports of the year given. Mrs. Whitman and daughter of Indiana who are spending some time at the Rev. Barnett home were guests. Miss Whitman delighted all with vocal music. Mrs. Carl Straw gave two splendid readings and Mrs. Earl Newcomb gave an article from the Cosmopolitan describing a wedding trousseau of 1903 which proved quite amusing. The March meeting will be at the church, with Mrs. Nellie Palmer, Mrs. Jerome Cox and Miss Bess Johnson as hostesses.

## Helpful Hints For Housewives

### WANT TO MAKE JELLY?

HERE ARE A FEW HINTS  
If your jelly supply is running low, here are a few hints to be remembered: Large fruits such as apples should be washed, cut in pieces, water added in sufficient quantity to cover the fruit and cooked until soft. Small fruit such as grapes and currants should be washed, stems and seeds, picked out and put into a kettle. Break up by machine with the potato masher and cook until soft.

### GAY DECORATIVE TOUCH FOR FRUIT COCKTAILS

If you want to make your fruit cocktails even more inviting, here's an idea: Top them with bits of toasted coconut, a sprig of mint, delicately colored whipped cream, perfect whole berries, red cherries or nut meats.

### DAILY GIFT THOUGHTFUL FOR FRIENDS AT SEA

If you have a friend about to take an ocean voyage, why not wrap up six or seven—depending on the number of days at sea—in expensive gifts to be opened each morning. This gives the traveler a pleasant daily anticipation, wondering what the little package may contain.

### MAKE YOUR FRUIT SALAD DIFFERENT THIS WAY

Canned fruits added to salad dressing combined with whipped cream makes a delicious topping for fruit or fruit gelatin salads. Try this at your next party.

### PAN-CLEANING TIP

Add half a cup of vinegar to your hot water in cleaning the aluminum pans that have become discolored through vegetable cooking. Never clean aluminum with soda.

### FLAVORING WITH BACON

Place strips of bacon over the hamburger meat balls and broil in the oven. Bacon in the bottom of a pan in which meat loaf is cooked will add a pleasing flavor.

### SCISSORS WON'T STICK IF—

If you dip scissors in water or flour before cutting marshmallows they'll cut better and without sticking.

### ATTY AND MRS. LORD WERE FROM ILLINOIS

Atty. and Mrs. John Lord of Hinsdale spent the week-end with his mother in Dixon, Mrs. A. W. Lord.

### "IN HIS STEPS"

"In His Steps" will be illustrated next Tuesday night at the Brethren church by the Rev. William E. Thompson, at the regular meeting of the young people's council of the Dixon churches, at 7:30. The book "In His Steps" was written by Dr. Charles M. Sheldon, and more than two million copies have been sold. It has been translated into more than twenty different languages. It has been dramatized and set to music as a church cantata, and used in many ways by Christian people. Dr. Sheldon wrote "In His Steps" in 1896 and used it in his young people's meeting in his church but never thought of putting it into book form until his many friends insisted that he should. The book was never copyrighted and he never received a royalty. If he would have received five cents for each copy sold he would have been a millionaire. It has thus been available to many who might not have purchased it if it had been copyrighted, and Dr. Sheldon claims it was a blessing and in keeping with the spirit of the book that it was not commercialized. There will be 150 pictures used in illustrating this book and it makes a very interesting service. Rev. Thompson has given this lecture several times and it has always been well received. The young people's council is composed of young people from the various churches of the city, and all young people with all others who are interested are invited to enjoy this service. There will be no admission.

## THE BAND BROADCAST MEETS AN UNTIMELY END.

Daily Illini: The regular Wednesday evening broad-  
cast of the University of Illinois band, begun a month ago  
over Station WGN, came to an abrupt end last week.It mattered not that thousands of taxpayers and par-  
ents were enjoying the program.It mattered not that the hour was being made an in-  
structive one for thousands of young people throughout  
the land and was bringing to other student musical orga-  
nizations a knowledge of our method of "band culture."It mattered not that the University was creating for it-  
self and its students good will all over the United States.That august body, the Chicago Federation of Musicians  
had said the broadcasts must stop. And they stopped."I am not going to permit amateur players to keep  
union musicians out of work," declared James C. Petrillo,  
president of the federation as quoted by Quin Ryan,  
station director of WGN. Mr. Petrillo insisted that WGN  
would have to stop the broadcast unless the station were  
to employ 25 additional musicians for a similar program  
each time the University band presented its broadcast.Now on the surface, upholding the rights of a profes-  
sional group would seem to be a very just stand indeed.  
But here's the joker:WGN was not throwing union musicians out of work by  
having the University band programs broadcast, nor will  
it hire additional musicians because the series has been  
discontinued. As Mr. Ryan pointed out, the station al-  
ready has twice the number of musicians required by the  
federation on its payroll.We hope Mr. Petrillo is happy over his "victory." He  
has accomplished no good for the union, since he is not  
getting jobs for any more musicians by his move. Rather,  
he has only succeeded in gaining ill will all around, and  
in depriving the radio audience of a program that was ac-  
knowledgeed by listeners everywhere to be of the highest  
quality.

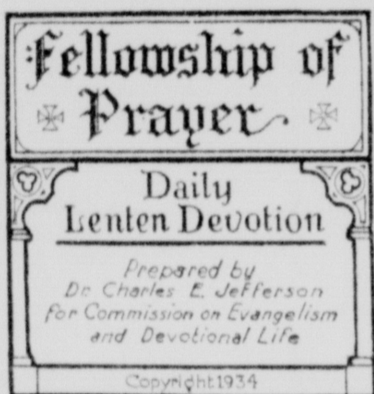

Nice work, Mr. Petrillo!

## AS TO "COMMON PRACTICE."

Said Colonel Lindbergh to President Roosevelt:

"The personal and business lives of American citizens  
have been built up around the right of trial before con-  
viction. Your order of cancellations of all air mail con-  
tracts condemns the largest portion of our commercial  
aviation without just trial."The officers of a number of the organizations affected  
have not been given the opportunity of a hearing and im-  
proper acts by many companies affected have not been es-  
tablished."No one can rightfully object to drastic action being  
taken provided the guilt implied is first established, but it  
is the right of any individual or organization to receive a  
fair trial."Your present action does not discriminate between in-  
nocence and guilt and places no premium on honest busi-  
ness."Said Stephen Early, a Roosevelt secretary, to Colonel  
Lindbergh via newspapers:"Except when the senders of telegrams or other com-  
munications act primarily for publicity purposes, the com-  
mon practice is to allow the President, when he is address-  
ed by them, the courtesy of receiving and reading their  
communications before they are read by others."In this instance the giving out of a telegram which  
bears the name of Col. Charles A. Lindbergh by his attor-  
ney and legal adviser, Col. Henry Breckenridge, would in-  
dicate the message obviously was sent for publicity pur-  
poses—at least it was published before it was received by  
the President."(Does he mean that Lindbergh wanted to get his name  
in a newspaper?)Said President Roosevelt in his address of acceptance  
in Chicago:"The appearance before a national convention of its  
nominee for president to be formally notified of his selec-  
tion is unprecedented and unusual, but these are unprece-  
dented times. I have started out on the tasks that lie  
ahead by breaking the absurd tradition that the candidate  
should remain in professed ignorance of what his hap-  
pened for weeks until he is formally notified of that event  
many weeks later. \* \* \* Let it also be symbolic that in so  
doing I broke traditions. Let it be from now on the task  
of our party to break foolish traditions."Is Colonel Lindbergh to be excluded from this privilege  
of breaking foolish traditions? He has broken a new path  
or two himself.As much as can be accomplished with a poor charter and  
honest officials as with a modern charter and bad admin-  
istration.—Mayor LaGuardia of New York.International trade is at present hopelessly logged with  
tariffs, prohibitions, embargoes, quotas and special res-  
trictions.—Cordell Hull, secretary of state.The work of the Civilian Conservation Corps will be of  
inestimable value to future generations.—Robert Fechner,  
C. C. C. director.

The little fly was quite surpris-  
ed. It said, "I never realized that  
I would ever meet a person quite  
as kind as you.""The spider's web holds me so  
tight that, honestly, I am filled  
with fright. I am glad you'll help  
me out, 'cause there is nothing I  
can do.""Well, just hold still. Don't  
move around and I think some  
way can be found to get you en-  
tirely free," said Doty. "Gee this  
web is rather tough.""I am glad to help you  
free a fly. Just pull some of the  
web strands far, far out. Ah, that's  
the stuff!"The little fly then giggled loose,  
and Doty said, "Now, there's no  
use in hanging around here, little  
fly. You had best fly out of sight.""That's just what I am going to  
do," came the reply. "Much thanks  
to you! I thought I was a goner,  
sure, but now I am quite all right."They waited for a little while,  
and then brave Doty, with asmile, said, "Look! The spider is  
waking up. Perhaps we'd better  
run.""Oh, no," snapped Doty. "I will  
explain! If he gets mad, it will  
be in vain. There's nothing, now  
that he can do to undo what we've  
done."The Spider then jumped up and  
cried, "Ah, ha! There was a fly  
inside my net, but you have let it  
go. You have played a trick on  
me.""However, I guess I don't mind.  
You have done something that you  
thought kind, and, anyway, I will  
catch another little fly, I know."Real shortly, Doty yelled, "Oh,  
look there! That is a sight that is  
really rare!" The other Times  
looked and saw a squirrel with a  
cart.The cart was full of nuts and  
things. "What will he do with  
all these things?" asked Doty.  
"Maybe we'll find out, if after him  
we dart."(The Times watch the squirrel  
store the nuts away in the next  
story.)

SATURDAY, FEB. 17

(Read Luke XI:9-13.)

"How More Shall Your Heaven-  
ly Father." The deepest reason we  
have for praying is that God is a  
God of Love. He is our Father and  
since He loves us we not only pray  
to Him but we ought to do it. Be-  
cause He is our Father, we have  
the privilege of speaking to Him,  
and also the joy of knowing that  
He will answer. It is the essence  
of parental love to give. Every  
parent on earth knows this. It is  
His disposition to give good things  
and withhold evil things. He will  
not deceive His children by offer-  
ing them things which look good  
but which actually are hurtful.Now since God is our Father, it is  
His desire to give us the very best  
thing it is possible for Him to give,  
and that is His Holy Spirit. He  
wants us to possess His disposition.  
His attitude and His character.  
If an earthly parent is eager to  
give good things to his children,  
how much more swift must be the  
loving and generous Heavenly Father  
to give His very best to those who  
ask.  
PRAYER: Our Heavenly Father,  
give us the boldness of little chil-  
dren when we come into Thy pres-  
ence and grant us their trustful-  
ness when we pray. May we think  
of Thee always not as a King of  
Jude, who is far away, but as a  
Father near us all the time. Amen.

## Mobs Tear Up Streets for Ammunition

Determined to prevent the police from dispersing their forces, Parisian Royalists dug feverishly to loosen  
paying blocks for ammunition and barricades near the historic Madeleine. This picture was taken in the  
midst of the rioting which grew out of revelations in the Stavisky scandal.

## TREATING PSORIASIS

It is hardly exaggeration to say  
that every possible form of treat-  
ment for psoriasis, as the annoy-  
ing scaly skin affection is called,  
has been tried. However, we do not  
know the cause and still are with-  
out a specific remedy.Treatment consists of diet and  
internal and external medication.  
As far as diet is concerned, the  
main idea seems to be to limit the  
intake of nitrogen (meat, fish, eggs  
beans and cheese.)Some years ago a so-called rice  
diet consisting of boiled rice, bread  
butter, milk and water, was de-  
clared to give good results. At the  
present time diet is not credited  
with much importance in psoriasis.For internal treatment arsenic  
containing compounds have been  
used in psoriasis as they have in  
virtually all other skin conditions.  
This form of treatment, too, has  
lost vogue.External treatment, therefore, is  
the mainstay in psoriasis, differ-  
ent medicaments being used.First it is important to remove  
the scales characteristic of psoria-  
sis by the use of soap, water and  
a scrubbing brush. Occasionally  
they may be removed by the ap-  
plication of lanolin and liquid pe-  
troleum.For psoriasis patches that are  
not excessively thickened, a mild  
ointment consisting of ammoniac  
mercury, 10 per cent, has proved  
beneficial.To treat psoriasis patches on the  
body chrysarobin may be used. The  
chrysarobin ointment should be in  
strength less than 5 per cent and  
should be used with caution. Care  
should be taken not to get the  
chrysarobin in the eyes or on the  
face.Chrysarobin should not be used  
if the areas of psoriasis cover a  
large part of the skin, nor if the  
person is not in good health.  
Chrysarobin stains everything it  
touches.It is comparatively easy to heal  
the small psoriasis patches, but  
difficult to keep them from reap-  
pearing.

A Real Success

An unusually large and responsive audience enjoyed the Junior class play, "Tea Toper Tavern" presented in the high school auditorium the evenings of Thursday and Friday. This play was one presenting greater difficulty than many plays previously produced in the Franklin Grove schools. For this reason, the students deserve special commendation for their excellent work. To present an illusion of actuality and to put an audience at ease through a feeling the naturalness of the performance is a real accomplishment for a cast of high school students. Particular notice should be given to the work of Earl Hunt and Josephine Hunt in the roles of the charming, though eccentric, old couple. Another difficult character part was handled admirably by Joan Fish, as the beautiful unscrupulous young widow. The movement and vitality of the play depended upon the portrayals of six young people, thrown together by the Tea Toper Tavern project. All of these parts were long and difficult and each of them offered individual problems of acting. Leone Fisel, Muriel Weybright, Barbara Group, Leslie Henry, Charles Lookingland and Jack Kelley, are to be commended for their work in these roles. A decided addition to the plot of the play were the younger brother and sister of the proprietors of the tavern; and a decided addition to the performance was the work of Lawrence Maronde and Lucile Yocum in those character parts. The importance of the minor roles cannot be over-estimated, because it is through those that the play gets its atmosphere and background. The excellent bits of acting by Ila Blocher as Tess, Jeanette Meyers as Celeste, and of Walter Gehrt as the amorous policeman, should receive due credit. Often the people who are responsible for the smoothness and efficiency of a performance are overlooked. This play which presented

Will Quit Work

Mrs. Mary Watson, who has served faithfully and efficiently as telephone operator for the Farmers Telephone company at the local switch board for the past eight and one half years, four of which she served as chief operator, will cease her work with the company March 1st.

During all of the years she has been employed as operator, her efforts and service she rendered were highly appreciated by not only the company, but the patrons as well. Mary was always accommodating, always ready to do any of the patrons' favors, was patient to a fault with some of the patrons who knew no patience. She will be missed by all.

Miss Barbara Kool who has already learned much of the duties of an operator, was chosen by the company to fill the place made vacant by Mrs. Watson, and when she had learned the most difficult parts no doubt she will be just as kind and considerate as Mrs. Watson or any of the other local operators. Franklin Grove is very fortunate in having a splendid "bunch of operators who are always on the job, quite alert and always ready to serve the patrons."

Obituary

Mamie Belle Ecker, daughter of Greenbury and Sarah Ecker, was born at Uniontown, Md., Aug. 3, 1882 and departed this life at Franklin Grove, Ill., Feb. 13, 1934.

On March 16, 1910 she was united in marriage to Charles U. Heidebride of Westminster, Md., who preceded her in death during the flu epidemic on Oct. 1918. She then made her home with her aged par-

ents until their death and later resided with her sister, Mrs. Joseph Gilbert.

In the spring of 1929, she came to Illinois and on Dec. 21, of the same year was united in marriage to Rev. F. E. Wingert of Franklin Grove. At the age of sixteen she united with the Church of the Brethren and was always active and interested in the work of the church and lived an earnest, consecrated, consistent christian life until the time of her death. During her life she has been a great sufferer having had several serious operations, but in all of her afflictions manifested a spirit of patience and christian fortitude, and upon two occasions called for the anointing service of the church.

She is survived by her husband, five sisters, Mrs. Fannie Engler of York, Pa.; Mrs. Nettie Wright of New Hope, Va.; Mrs. Jennie Beachley of Franklin Grove, Ill.; Mrs. Mertie Gilbert of Westminster, Md.; and Mrs. Elsie Willard of Franklin Grove, also four nieces, two nephews, one grand niece and a host of friends, the greater number of which live in her community in Maryland. Two sisters preceded her in death, Miss Emma Ecker, Feb. 25, 1911 and Mrs. Bessie Dickey, June 19, 1932. She appreciated very much the home ties and always enjoyed the association among her home people and was always thoughtful of their pleasure as expressed by kindly words and deeds and especially by remembering them upon their birthdays. Her greatest joys were those that came through services to others.

A Real Success

An unusually large and responsive audience enjoyed the Junior class play, "Tea Toper Tavern" presented in the high school auditorium the evenings of Thursday and Friday. This play was one presenting greater difficulty than many plays previously produced in the Franklin Grove schools. For this reason, the students deserve special commendation for their excellent work. To present an illusion of actuality and to put an audience at ease through a feeling the naturalness of the performance is a real accomplishment for a cast of high school students. Particular notice should be given to the work of Earl Hunt and Josephine Hunt in the roles of the charming, though eccentric, old couple. Another difficult character part was handled admirably by Joan Fish, as the beautiful unscrupulous young widow. The movement and vitality of the play depended upon the portrayals of six young people, thrown together by the Tea Toper Tavern project. All of these parts were long and difficult and each of them offered individual problems of acting. Leone Fisel, Muriel Weybright, Barbara Group, Leslie Henry, Charles Lookingland and Jack Kelley, are to be commended for their work in these roles. A decided addition to the plot of the play were the younger brother and sister of the proprietors of the tavern; and a decided addition to the performance was the work of Lawrence Maronde and Lucile Yocum in those character parts. The importance of the minor roles cannot be over-estimated, because it is through those that the play gets its atmosphere and background. The excellent bits of acting by Ila Blocher as Tess, Jeanette Meyers as Celeste, and of Walter Gehrt as the amorous policeman, should receive due credit. Often the people who are responsible for the smoothness and efficiency of a performance are overlooked. This play which presented

Will Quit Work

Mrs. Mary Watson, who has served faithfully and efficiently as telephone operator for the Farmers Telephone company at the local switch board for the past eight and one half years, four of which she served as chief operator, will cease her work with the company March 1st.

During all of the years she has been employed as operator, her efforts and service she rendered were highly appreciated by not only the company, but the patrons as well. Mary was always accommodating, always ready to do any of the patrons' favors, was patient to a fault with some of the patrons who knew no patience. She will be missed by all.

Miss Barbara Kool who has already learned much of the duties of an operator, was chosen by the company to fill the place made vacant by Mrs. Watson, and when she had learned the most difficult parts no doubt she will be just as kind and considerate as Mrs. Watson or any of the other local operators. Franklin Grove is very fortunate in having a splendid "bunch of operators who are always on the job, quite alert and always ready to serve the patrons."

Obituary

Mamie Belle Ecker, daughter of Greenbury and Sarah Ecker, was born at Uniontown, Md., Aug. 3, 1882 and departed this life at Franklin Grove, Ill., Feb. 13, 1934.

On March 16, 1910 she was united in marriage to Charles U. Heidebride of Westminster, Md., who preceded her in death during the flu epidemic on Oct. 1918. She then made her home with her aged par-

ents until their death and later resided with her sister, Mrs. Joseph Gilbert.

In the spring of 1929, she came to Illinois and on Dec. 21, of the same year was united in marriage to Rev. F. E. Wingert of Franklin Grove. At the age of sixteen she united with the Church of the Brethren and was always active and interested in the work of the church and lived an earnest, consecrated, consistent christian life until the time of her death. During her life she has been a great sufferer having had several serious operations, but in all of her afflictions manifested a spirit of patience and christian fortitude, and upon two occasions called for the anointing service of the church.

She is survived by her husband, five sisters, Mrs. Fannie Engler of York, Pa.; Mrs. Nettie Wright of New Hope, Va.; Mrs. Jennie Beachley of Franklin Grove, Ill.; Mrs. Mertie Gilbert of Westminster, Md.; and Mrs. Elsie Willard of Franklin Grove, also four nieces, two nephews, one grand niece and a host of friends, the greater number of which live in her community in Maryland. Two sisters preceded her in death, Miss Emma Ecker, Feb. 25, 1911 and Mrs. Bessie Dickey, June 19, 1932. She appreciated very much the home ties and always enjoyed the association among her home people and was always thoughtful of their pleasure as expressed by kindly words and deeds and especially by remembering them upon their birthdays. Her greatest joys were those that came through services to others.

Others Lord, yes others, Let this my motto be, Help me to live for others That I may live like Thee.

And when my work on earth is done, And my new work in Heaven's begun, Help me forget the crown I've won While thinking still of others.

Funeral services were held on Thursday afternoon in the Church of the Brethren with Rev. D. D. Funderburg of Rockford in charge, being assisted by Rev. O. D. Buck of the local church. Interment was made in Westminster, Md.asket bearers were: Raymond Hood, Lee Fisel, Jay

# SPORTS OF ALL SORTS

## McREYNOLDS IN GREAT VICTORY LAST EVENING

Dixon Boxer Flashed Cleverly in Rockford Arena

Elwood "Kid" McReynolds in a burst of speed and blows, cleverly boxed his way through the preliminary bouts at Rockford last night before a large crowd of fans, and won the right to enter the annual Golden Gloves tournament in Chicago, to compete in the welterweight division. McReynolds, appearing in excellent form, completely smothered Pete Sacco, Rockford boxer and led in every round of the fight. McReynolds succeeded in fighting his way up to the final preliminaries at the Chicago Stadium, where he lost an unpopular decision to a Milwaukee contestant. Those who witnessed his progress through the tourney a year ago agree that he is in far better form this year than last and coupled with this his much added experience which should result in his furnishing keen competition in his division.

Harry Milne of Rockford, who had charge of the preliminaries in Dixon last week and last night's show, after McReynolds' decisive victory over Sacco, said:

"Flashing the form that carried him to the welterweight title last year Elwood McReynolds defeated Pete Sacco in the 147 pound final. The Dixon flash looked better last night than he has since he won the nod over Billy Celebron in the finals a year ago and should go far in the finals in ten days."

There was a large crowd of fans from Dixon and vicinity at the final preliminaries at the Coliseum in Rockford last evening. Johnny Doty of Saratoga, formerly of this city, could not get away from the continual stubby left handed punches of Charles Nevinski of Rockford in the light-weight division. Doty was in distress in the latter rounds from the continued face punching to which he submitted.

Arrio Soldatti of DePue, who has made his headquarters here for the past month, through his boxing form won a victory over Clem Lunas of Beloit in the light heavy-weight class.

Joe Kelly of Springfield Valley won the middleweight match from Harry Cobbleman of Prophetstown in a vicious punching battle. Both boxers were willing and anxious, but Kelly won down his opponent toward the latter rounds to win.

Mickey Thornton of Springfield Valley who finished his training here and fought his way through the local prelims by two knock-outs, was seen in action against Billy Woods of Peoria in a three-round bout here and was awarded the decision. Thornton was not on the card last evening, his opponent failing to make the required weight. Sammy Fisher won a decision in a three round affair with Kenny Lettman of Peoria, which was loudly booed and hissed as the opening affair of the evening. Fisher's opponent likewise failed to make the weight.

**Tiresome Route**  
William Roggansack of Rockford won a highly unpopular decision over Elmer Haley of Peoria in the flyweight class. The decision was booed and hissed to the extent that the announcer was unable to introduce the principals in the next bout. All of the preliminary bouts were of five rounds each and two minutes to each round, which proved a tiresome route for some of the contestants.

Clarence Harms of Deer Grove lost a close decision to Charles

Grimm of Oregon, which was also greeted by hoots and howls.

The Rockford team which will be entered in the semi-finals and finals at Chicago is composed of the following members:

Heavyweight: Charles Grimm, Oregon; light heavyweight: Arrio Soldatti, DePue; middleweight: Joe Kelly, Springfield Valley; welterweight: Elwood McReynolds, Dixon; lightweight: Charles Nevinski, Rockford; featherweight: Mickey A. Thornton, Springfield Valley; bantamweight: Sammy Fisher, Rockford; flyweight: William Roggansack, Rockford.

#### DIXON-STERLING GAME

By BRADLEY MOLL  
The two Dixon squads took Sterling for a most pleasurable ride last night, by the respective scores of 12 to 10, and 25 to 22, which afforded the local and the Sterling fans a great deal of excitement.

In spite of the fact that the Dixon fans were well split up, and the majority of them were compelled to stand, or to crane their necks, to see anything, they gave a great deal of support to the wearers of the purple and white. The defeat of the Sterling lads gave the local supporters the edge on the Sterlings, and despite the fact that the Thanksgiving incident is still fresh in the minds of Sterling people, for an unaccountable reason, the twin defeat of last night did a lot to cool the ardor, and vociferous Sterling fans down. Why anyone who goes to a basketball game to see a team win or lose, is put in some out of the way spot, is more than intelligent people can understand. The majority of the elderly people resented this imposition very much, and the only salve for them was the result of last night's games. The fact that this occurred at the two games at Sterling is not a pipe dream, or just a little saying for the filling of space, it is however, the result of a careful and thorough survey, and the resentment is running high in the local circles.

#### Boys Got Even Break

The Dixon boys were in their element, and for a change received an even break, and with their careful shots, excellent team work, proper synchronizing, and hard driving attack they were able to outplay the Sterling lads in three of the four periods, the Sterling boys coming back in the third quarter to bring up the score somewhere to that point where they could say that they were giving Coach Sharpe's boys a real run for their money.

The fact that Dixon handed the Sterling boys a double defeat should cast no reflections on the latter team, for they both played a good game of ball, and in the instance of the heavyweight squad the Sterling team took the place of the Dixon team when the two teams fought at Dixon. But as mentioned in an article at that time Dixon was inferior to the Sterling boys here, in spite of the fact that the old element "lick" entered in. There should be no

misunderstanding between the two communities over an athletic contest of any kind, but on the contrary, the two localities always seem to be out for "blood" on the occasions of the said contests. Just why that is, sometimes friendly, and sometimes bitter antagonism is manifested is hard to say, naturally both sections are interested, and proud of the respective teams, and a friendly sportsmanship-like attitude is often maintained by the more diplomatic members of both communities.

**Rooters Wild**  
The first contest proved to be a "dilly", and the respective rooting sections went wild with enthusiasm over the tight contest. The Dixon boys were held down to a low score which was rather unusual for the locals, and which only served to speed them on to win the game. At the quarter Dixon led the defenders by 4-2, at the half by 7-6, at the third quarter by 11-6, and of course at the end of the game 25-22. Durkes of Dixon, and Callaghan of Sterling vied for the high point honors with 4 points apiece, while Wheeler of Sterling came second with three points.

The major event offered a marked contrast to the first game, inasmuch as the scoring was much higher, and the rivalry a little keener. The game of course was all Dixon the first quarter, in spite of the fact that the Sterling five held the Dixon boys down to the score of 6-4. The next quarter saw Dixon force ahead, with Sterling having a little tough luck on their shots, and the score at the half, seeing Dixon 15, Sterling 6. The next period saw the Sterling boys rally.

## Photo Flashed Across Atlantic Shows

### Action Scene From "Battle of Vienna"

A stirring highlight in Austria's sanguine civil war is recorded in this photo, taken as Helmwehr troops moved across one of Vienna's principal thoroughfares to attack Socialist headquarters in the Ottakring. In the foreground, at left, you see a group of unarmed citizens peering cautiously over barricades to watch the movements of the troops. This photograph, down to London, was sent by Bartlane transmission over Western Union cables to NEA and the Dixon Evening Telegraph.

Dixon led Sterling but by the narrow margin of 18-16, at the end of the third quarter. The final few minutes of play was attended by three movements, an intense feeling from the fans, a rushing offense, and a combined protecting, and yet belligerent offense by the Sterling and Dixon teams respectively.

**Bellows High Man**  
Dixon clinched the play with Henry's basket (which never touched the rim) and which in the last three minutes of play gave the Dixon team a splendid lead which was cut down by Bogott's basket which concluded the scoring of the evening, and which gave the local boys the game by the margin of three points. The high point man of the evening was Bellows of Dixon who went out of the game the very last minute of play with nine points to his credit, in addition to the four personal fouls. Bogott of Sterling was second man of the evening with seven points to his credit.

All in all the two games were excellent games, probably two of the season's best (from the purple and white angle) and they gave the locals a little more confidence. The tabulated results indicate clearly the scoring of the evening and of course the score by quarters will give the enthusiast the real dope of the scoring.

The officials of the evening were First of Sylvis, and Schulte of Bel-

## ORGANIZATION OF SOFT BALL LEAGUE TALKED

### May Be Perfected at Meeting to Be Held Within 10 Days

Plans have been started for the organization of a soft ball league in this section of Illinois in which Dixon has been invited to enter a team. H. E. Foreman of the National Softball Association headquarters in Chicago was in Dixon yesterday making arrangements for the organization of a local team and representatives will be invited to attend a general meeting to be held at Princeton in about ten days.

The plan under way provided for teams from Dixon, Ashton, Sterling, Rochelle, Mendota, Princeton, Tiskilwa, Sheffield, Wyanet and Keokuk. Two games will be played weekly, one of the home field and another in one of the other cities. The team which will represent Dixon is to be selected from all teams which form the City League this coming summer. It is expected that all games will be played on lighted fields at night.

## Commercial Loop Games Monday Eve

The two regular league basketball games will be played next Monday night, Feb. 19 instead of Wednesday. The first game at 7:15 will be between the Beier Loafers and the Millway Hatcheries teams. This should be a real game as the teams are tied for last place and will make every effort to get out of the cellar position. At 8:15 Ashton plays the Dixon Battery Shop. This is a deciding game between the teams as each has won one game. In their last meeting Ashton won in an overtime battle. The I. N. U. Co. team will furnish the officials.
